# ABOUT US

Kamado BONO is a Kamado grill brand created by Lithuanians, which is a leading brand both in Lithuania and overseas. Kamado Bono is one of the most successful, reliable and fastest-growing companies in Europe (according to the Financial Times Report 2022), with operations in 26 countries and more than 400 sales spots.

Kamado BONO is more than a grill. It's an entire grilling philosophy, incorporating a strong united grilling communities and positive lifestyle and valuable knowledge. The extremely wide range of Texas Club range of barbecue accessories is constantly upgraded, and we provide recipe books put together by our staff, the exceptional warranty conditions and prompt customer service and the promotion of the BBQ culture are what we live every day and share with our customers.

Kamado BONO is also the organiser of Twinsmoke, the largest annual grill festival in the Baltics and the international BBQ championship under KCBS rules. Our mission is to teach our customers how to grill well and to demonstrate the fun of the process. We believe that being a good griller is easy and can be done by absolutely anyone.

**Kamado BONO - easy to be perfect!**

# WHY BONO?

- ✓ LFGB certified
- ✓ Biggest stock configuration
- ✓ Lifetime warranty
- ✓ Professional advice
- ✓ Recipes and tips
- ✓ Prompt customer service
- ✓ Reliable brand
- ✓ Events & valuable knowledge
- ✓ Best value for money
- ✓ Wide range of accessories

# ATTENTION TO DETAILS

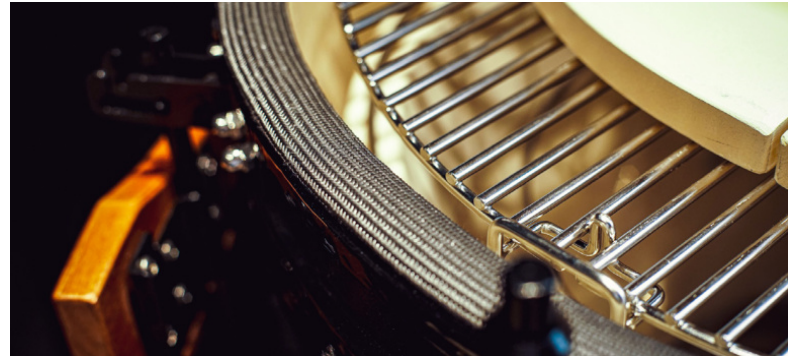

FULLY OPENING TOP VENT

HEAVY DUTY PU WHEELS

HIGH HEAT RESISTANT FIBER GLASS GASKET

HEAVY DUTY HINGE SYSTEM

# ONE SPECIAL KAMADO FOR YOU

*Find one that will reflect your style, expression and mood while chunk inside brings some special heat.*

*Why is it so special?*

- ✓ Kamado Bono is 3 in one: grill, oven, smoker. You can grill, bake, smoke and sear using it.
- ✓ The lid is always closed when cooking on the Kamado grill, so all the moisture stays in the food.
- ✓ Food is evenly baked because the hot air flow and heat are kept within the walls and lid.
- ✓ The thick ceramic walls absorb the heat and radiate it on all the sides of the dish during the cooking process.
- ✓ The grill can constantly maintain a high temperature. When baking, the moisture in the bread or pizza is absorbed into the baking stone. This results in a crispy bread crust you will never get by baking in an oven or a simple barbecue grill.
- ✓ Food baked using lump charcoal has a natural campfire aroma.

# Kamado Bono LIMITED

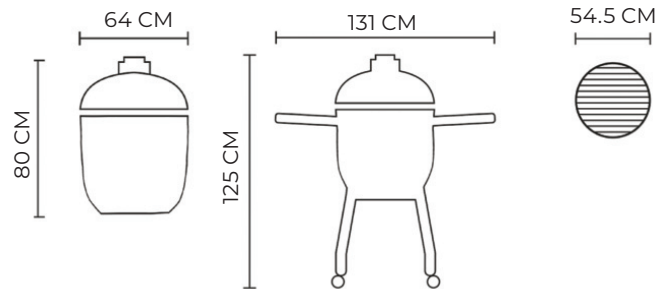

The biggest grill is perfect to use professionally in restaurants and bars or for large groups of people (15 or more).

**Features and accessories included:** heavy-duty anti-rust coated steel stand, 2 side hardwood shelves, fully opening top vent, fiber glass gasket, two zone grilling system, ceramic heat deflectors, grill cover, fire poker, ash catcher, chicken rack, BBQ/grill recipe book (EN).

CODE	<b>BLACK</b> TQ0025 <b>RED</b> TQ0025RED
COOKING GRATE DIAMETER	56 cm
WEIGHT	115 kg
PACKAGE	83 x 71 x 92 cm, 128 kg
MATERIALS	ceramic, hardwood, stainless steel, anti-rust coated iron

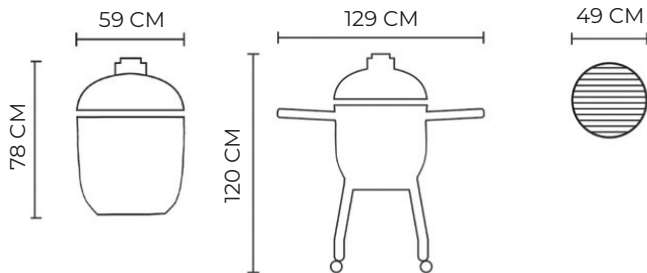

# Kamado Bono GRANDE

A large popular model designed for large groups of people (10 or more). Ideal for restaurants and bars. It has all BONO Media features + a bigger capacity; therefore, it is particularly suitable for large dishes (e.g., large turkey for Christmas).

**Features and accessories included:** heavy-duty anti-rust coated steel stand, 2 side hardwood shelves, fully opening top vent, fiber glass gasket, two zone grilling system, ceramic heat deflectors, grill cover, fire poker, ash catcher, chicken rack, BBQ/grill recipe book (EN).

PACKAGE	50 x 46 x 63 cm, 46 kg
MATERIALS	ceramic, bamboo, stainless steel, anti-rust coated steel

# KAMADO BONO ACCESSORIES

Kamado Bono Accessories

# MULTIFUNCTIONAL DUAL ZONE SYSTEM SS304

## DUAL ZONE BBQ

The deflectors are placed in the lowest position, and the grate is in the top or mid-position. Assembled in this way, your Kamado is ready for smoking or indirect cooking, slow cooking at low temperatures (0-150 C°).

**Dishes to enjoy:** ribs, pulled pork, shank, brisket, ham, duck.

## DUAL ZONE INDIRECT

The deflectors are on the accessory rack placed in the mid-position, while the grate is in the top position. Now, your Kamado is ready for indirect cooking at high temperatures (150-400 C°).

**Dishes to enjoy:** whole chicken, turkey, meat slices, whole fish, porchetta, meat rolls.

## DUAL ZONE PIZZA

The grate is in the top position. Place the deflectors on the grate, cover the grate with the accessory rack and, finally, place your flat baking stone atop the rack. Use this assembly variation for indirect, oven-like cooking at very high temperatures (230-400 C°).

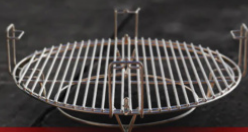

**Dishes to cook:** pizza.

## DUAL ZONE GRILL

With the deflectors removed, the grate is on the top or mid-position. You are ready to use your Kamado for direct cooking above the charcoals, to cook at high temperatures (150-300 C°) and fast (under 20 min.).

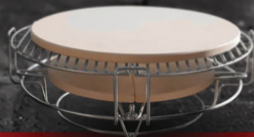

The most popular dishes include beef or pork steaks, prawns, shashlik, sausages, pilaf and soups..

## DUAL ZONE OVEN

Place the deflectors in the mid-position on the accessory rack. Place the grate in the top position. Your flat baking stone goes on the grate. This assembly is used for indirect, oven-like cooking at high temperatures (150-400 C°).

**What to cook?** Potato pudding, lasagna, tarts, pies, biscuits and bread.

## DUAL ZONE SPLIT

Remove one of the deflectors and place the grate in the top or mid-position. Now you can use your Kamado for simultaneous indirect and direct cooking when you want different dishes cooked at different temperatures

# TEXAS

SINCE CLUB 2016

**Texas Club** is a brand created with a passion for grilling and the desire to offer better quality at a lower price. It comprises two general parts of BBQ: high-quality hard-wearing grilling tools of the lowest cost competing with other elder brands woods and charcoal for a good smell, real taste and ecological approach.

The wood chunks, wraps, planks or charcoal are made from oak, hickory, beech or other woods from the USA and Canada. They are food safety (certified for food contact materials) and FSC-certified, which is considered a “gold standard” designation for wood harvested from forests that are responsibly managed, socially beneficial, environmentally conscious, and economically viable.

Texas Club Accessories

# OVEN-LIKE BAKING

**K**amado BONO can function in the same way as a traditional brick oven. The secret is that your grill can maintain a constant temperature, allows you to adjust it accurately and has special accessories such as pizza and bread baking stone. This allows you to enjoy bread and any other flour pastry.

When baking, the moisture in the bread or pizza is absorbed into the baking stone. This results in a crispy bread crust you will never get by baking in an oven or a simple barbecue grill.

# WOOD CHARCOAL

Top-quality restaurant grade Texas Club, Texas Club Brazilian and standard grade Prowood charcoal are made of 100% hardwood with no chemical additives. This charcoal is completely environmentally friendly with a particularly long burn time. During the manufacture of this charcoal, its finest particles are sifted, therefore, the package contains only charcoal pieces without any dust or additives. Prowood Briquettes are made from charred wood, starch and water. No chemical binders were used.

*Always use only wood charcoal in Kamado Bono*

# GRILL TABLE

KamadoSpace Infinite Island is an outdoor cooking table designed to take most kamado-type grills up to 24 in diameter. It is made of stainless or galvanised steel components and panels made of HPL – extreme weather resistant, easy to clean high-pressure laminate. There are three 68-liter volume drawers for pots and utensils, one 179-liter volume drawer for charcoal – all with concealed full extension BLUM runner systems.

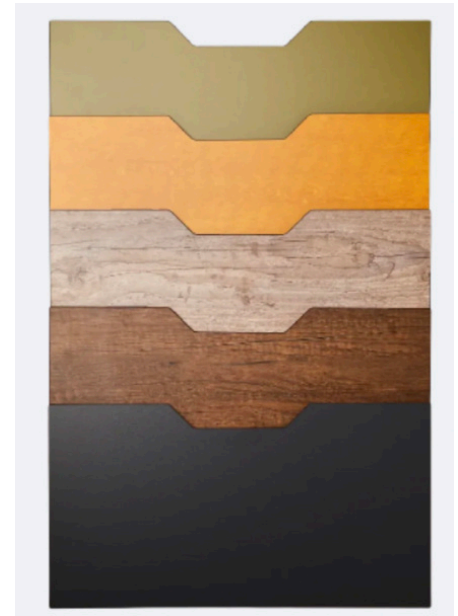

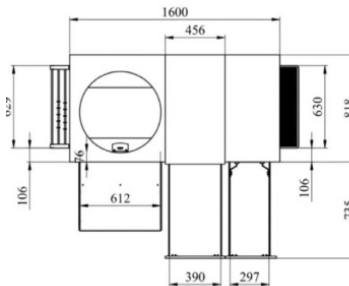

KamadoSpace cooking island is 100% designed and manufactured in the EU.

For more information visit [www.kamadospace.eu](http://www.kamadospace.eu)

Grand Feu

# CAST IRON DISHES

Grand Feu is a brand created exclusively for the highest quality product line, which presents exceptionally high-quality products: universal, classic casserole-type pots and accessories. Made of cast iron and coated with enamel, these products are highly durable; the enamel layer protects the inner surface from rust and prevents food from sticking to the edges. In these pots, you will make the tastiest porridges, soups, sauces, and stews; they are perfect for baking bread and other baked goods like potato and meat pies. The modern design will not leave anyone indifferent. You can prepare many delicious dishes for the whole family and friends in these pots! Grandfeu is aesthetics and comfort in one!
